Application for Internship in Happy Nation for Front End Developer

Dear Happy Nation Team,

I am writing to express my strong interest in applying for an internship opportunity at Happy Nation in Berlin, starting from February for a duration of 6 months. As an engineering student with a passion for programming and a keen interest in web development, I am excited about the prospect of contributing my skills and knowledge to your innovative startup.

Currently, I am pursuing my engineering degree and actively seeking to direct my career towards programming and web development. I have been engaged in a productive internship in Poland, where I am gaining hands-on experience with Vue.js for frontend development and utilizing Tailwind CSS for designing web applications.

One of my greatest strengths is my self-discipline as a programmer. Working remotely during my current internship has taught me the value of time management and commitment. I dedicate time every day to code and contribute as much as I can to the projects I'm involved in. Moreover, I have a solid foundation in C programming and coding microprocessors, which I learned during my engineering classes.

In addition to my engineering studies and internship experience, I am actively pursuing online courses to stay updated with the latest trends and advancements in frontend development. I firmly believe in continuous learning, and I am confident that my dedication to improvement will align well with Happy Nation's dynamic work culture.

One aspect that sets me apart is my graphic design ability. I take pride in creating visually appealing and user-friendly web designs, which is why I particularly enjoy working with Tailwind CSS. I believe my proficiency in graphic design can add value to the projects at Happy Nation.

To demonstrate my passion and commitment to programming, you can review my GitHub account, where I maintain numerous repositories with my coding projects. Through consistent contributions, I have honed my skills in JavaScript and other programming languages.

I understand that Happy Nation is currently looking for individuals with knowledge of React. While my current internship primarily focuses on Vue.js, I am eager to expand my skillset and learn React during my time with Happy Nation. I am confident that my programming background and adaptability will enable me to quickly acquire proficiency in React and contribute effectively to the team.

I am excited about the opportunity to work with a forward-thinking company like Happy Nation, and I am certain that my technical skills, work ethic, and passion for frontend development make me a strong fit for your team.

Thank you for considering my application. I have attached my resume, which provides further details on my education, experience, and projects. I look forward to the possibility of discussing my qualifications further in an interview.

Sincerely, Alper Günindi

MUSTAFA ALPER GUNINDI

Motivation

To further enhance technical expertise and innovative problem-solving skills, while making a meaningful contribution to a progressive organization in the programming industry.

Education

ELECTRICS-ELECTRONICS ENGINEERING | SEPTEMBER 2020 - TODAY| IZMIR UNIVERSITY BAKIRCAY

Language of Instruction: English - Turkish

Learning competence in electrical and electronic engineering by experimental and theoretical means.

ELECTRICS-ELECTRONICS ENGINEERING (ERASMUS) | SEPTEMBER 2021 – FEBRUARY 2022| POLITECHNIKA KOSZALINSKA

Language of instruction: English – Polish

Helped to understand other cultures and European morality.

COMPUTER PROGRAMMING | SEPTEMBER 2020 – JUNE 2023 | ATATURK UNIVERSITY

Language of instruction: English – Turkish

Learning about the essentials of C, HTML, Graphic and Web Design.

HIGH SCHOOL | SEPTEMBER 2014 – JUNE 2019 | CIHAT KORA HIGH SCHOOL

Language of instruction: English – German - Turkish

Had a year of preparation class of German and English.

Experience

FRONT END DEVELOPER | TEAM KNOCKNOCK | JUNE 2023 - PRESENT

Developed using Vue Framework and Tailwindcss.

CALL CENTER SPECIALIST | TURKISH AIRLINES JULY 2022 – AUGUST 2022

After two months of aviation training, team work on the job was reinforced for a month.

GRAPHIC DESIGNER | KULTUR MANTARI CAFE BISTRO | APRIL 2022 – JUNE 2022

Developed Adobe Illustration and Photoshop skills.

ESN BOARD OF DIRECTORS (GRAPHIC DESIGNER OF THE STUDENT CLUB) | IZMIR UNIVERSITY BAKIRCAY | JULY 2022 – TODAY

Blends graphic design skills with web design, recognizes and leads international students.

Skills and Abilities

LANGUAGE

- English – Almost Mother language (C2)
- Turkish – Mother language (C2)
- German – Advanced Language Use (B1)

SOFT SKILLS

- Confident and authentic in dealing with new people.
- Flexible and dynamic in new situations – living and studying abroad (Erasmus)
- Leadership and being understanding working with all kinds of people – ESN Board of Directors
- Being self-reflective, instructing and delegating work in a goal-oriented manner – Turkish Airlines.

COMMUNICATION

- Bilingual – study in English, international roommates in Erasmus.
- Had a year of prepariaton class of German, B1 level of German.
- Presentations with student clubs and public speaking in a lead-role theatre play.

HARD SKILLS

Programming Skills

- HTML
- Vue.js
- React
- CSS
- Javascript
- Tailwindcss
- Pinia
- CubeIDE
- Git and Github
- C

Other Skills

- MS Office
- Solidworks
- Adobe Animate
- Adobe Photoshop
- Proteus 8 Professional
